There are 3 tabs on the website: Home, Resources and Money. The Home tab contains information about certain events, news and features that are happening in the companies. The Resources tab focuses mainly on benefits information and other forms that are currently requested. The Money tab shows your payroll summary information and W-2.

On the Money tab, you can choose to elect to have your paycheck only appear online by clicking the “Go Paperless” link. If you have direct deposit of your paycheck, and do not need a paper version, you can elect to only see your paycheck online. By clicking on the pay date of the paycheck that you wish to view, you are able to print or save that paycheck should you need it for further reference. Please also visit ipay.adp.com (using the same username and password as the portal) for more paycheck related information at your fingertips.

Your paycheck information will show in summary format as soon as you login.
